ABOUT US

Shiyi Eyeware is a glasses purchase agent in Taizhou, Zhejiang, China.

In our city, there are hundreds of eyeware factories. We integrate eyeware resources and provide comprehensive procurement services. We offer various glasses and accessories, such as sunglasses, children sunglasses, reading glasses, sports glasses, glasses cloth, glasses case and so on.

We are committed to providing customers with efficient procurement services. In this way, customers can save their labor cost, time cost and product cost.

Don't hesitate, we welcome your consultation. Building our trust through communication and start our business.

Why choose us?

1. We can meet almost all of our customers' procurement needs, unlimited product types and quantity.
2. There are many eyeware factories around our company, and we have abundant product resources to provide the most competitive prices.
3. We can negotiate with factories to get more favorable conditions, ensure product quality and promptly resolve issues.
4. Significantly improve your procurement efficiency and reduce procurement costs.
5. The commission we charge is much lower than most of trading companies.

How to establish a trust relationship?

Credit is always the foundation of business. What we want to establish is a long-term and stable cooperative relationship. We're looking for win-win cooperation. Consolidate our trust by continuously creating value for both parties. Here are the ways we can offer to show our sincerity.

1. For sample orders, after confirming the order, we can prepare the goods first. When the goods is ready, we will take a video for you to confirm the quality and quantity. After that, we will ask you to do the payment and ship out the cargo.
2. For regular orders, we ask 30% payment in advance and 70% payment after confirming the goods by a video call.
3. For large orders, we will directly recommend the factories we cooperate with to you. We will help you to visit the factory thru a video call to inspect qualifications. Or we also welcome you to come and inspect the factory in person. You can skip us and cooperate directly with the factory, and we will earn a small commission from the factory.

If you have any comments, please contact us freely.
